From the moment of its establishment, the "SARAJEVO4WALLS" Fair has become the place of gathering and promotion of all important producers from the Bosnia and Herzegovina, region and Europe, which we have proven by dedication and organization of the fairs in 2017, 2018 and 2019. We enable you to make your appearance at the Fair as a forum for presenting your products and services, as well as an atmosphere in which the visitors will feel comfortable. Be sure that we will do everything to make the visit massive, fair space pleasant, and time for visitors to be optimal, as on the fair 2019 when for we had around 23,000 visitors (according to ticket sales). In 2020, you will have the opportunity to secure good sales results for all four (4) days of the fair, both to end customers and legal entities (business entities). We will certainly be at your disposal for any kind of assistance in the preparation and realization of your fair appearance.

By organizing this fair, we made a step forward in conceptual and organizational terms when it comes to fairs held in neighboring countries, of course, all with the support of exhibitors who believed in this project. The fair presents a unique opportunity to see, in one place, all the innovations of interior and exterior design, complete production of domestic and manufactured goods from the region, and renowned world companies. The fair also provides space for the promotion and presentation of young promising designers.

Also this fair has a humanitarian note, in regards of helping two humanitarian agencies, first one is called PARENTING HOUSE – helping children under 14 that are under cancer treatment, and second one is called MAKE MY WISH COME THROU – for helping people in whole B&H that are in need for help (people without roof above their head).

Tickets are being sold for this humanitarian action. Tickets are sold for 1,00 Euro.
