### Lectures and master classes

A series of discussions aimed at providing professionals and aspiring professionals with the valuable knowledge, insights and skills needed to succeed in the interior design industry. Participants will learn to understand colors, choose materials, manage space and create stylish accents in their interiors under the supervision of experienced designers.

### Buyer's sessions

Special sessions for potential distributors. Organizing meetings of exhibitors and guests interested in cooperation at the exhibition pavilion.

### Consultation points

Guests will receive personal advice from experienced designers. They will help develop individual plans for the ideal interior, taking into account the preferences and budget of each client.

# EDUCATIONAL PROGRAM

MOSCOW  
interior  
and design  
week

Possible formats of the educational program:

## 1 Consultations on the design and renovation of small spaces

An additional exhibition where designers will present ideas and solutions for optimal use of small spaces, making them functional, stylish and comfortable. **When registering on the website, visitors will also be able to receive a guide from the event's Expert Council on how to make even a small studio practical and beautiful.**

## 2 Tour of the exhibition from interior designers

By appointment, industry experts and interior decorators will **give guests excursions along the "stylistic alleys", talk in detail about the features of design trends and give practical advice on how to make beautiful and inexpensive renovations.**

## 3 Interactive show "Art in Design"

We show how fine art, such as painting, sculpture and photography, can become part of the interior. **Together with artists, photographers, and decorators, we create original compositions for the interior of a house or apartment.**
