

1. Machinery and equipment
2. Low-voltage equipment
3. High-voltage equipment
4. Devices, operating on gaseous fuels
5. Equipment working under pressure
6. The vessels working under pressure
7. Equipment for working in hazardous environments
8. Rides, equipment for playgrounds
9. Lifts
10. Wheeled vehicles
11. Tractors
12. Agricultural machinery
13. Machinery for forestry
14. Bus
15. The rolling stock of railway transport, including high-speed
16. Rolling stock metro
17. Light rail, trams
18. Objects of Maritime transport
19. The objects of inland water transport
20. Small vessels
21. Buildings and structures
22. Building materials and products
23. The infrastructure of railway transport, including high-speed
24. The metro infrastructure
25. Road
26. Pyrotechnic compositions and products containing them
27. Explosives for civil applications and products containing them
28. Light industry products (ready-made piece goods, carpets and rugs, knitted, apparel and leather; footwear; fur and fur products)
29. Toys
30. Goods for children and teenagers
31. Products for the care of children
32. Tableware
33. Products for sanitary purposes
34. Perfumes and cosmetics
35. Hygiene of the oral cavity
36. Packaging
37. Means of individual protection
38. Means of fire safety
39. Extinguishing media
40. Medical products
41. Sanitary ware
42. Furniture products
43. Chemical products
44. Synthetic detergents

12.3.2015 / 1519

45. Household products
46. Paints and solvents
47. Fertilizer
48. Plant protection
49. Gasoline, diesel and marine fuel, jet fuel and heating oil
50. Lubricants, oils and special liquids
51. Devices and systems of accounting for water, gas, thermal energy, electric energy
52. Devices and systems of accounting for oil products
53. Food products
54. Alcoholic beverages
55. Feed and feed additives
56. Grain
57. Tobacco products
58. The hunting and sporting weapons, ammunition
59. Telecommunication facilities
60. Coal and its by-products
61. Liquefied petroleum gas for use as fuel
62. Materials in contact with human skin
63. Products intended for civil defense and emergency situations of natural and technogenic character
64. Oil, prepared for the transportation and / or use
65. Combustible natural gas, prepared for the transportation and / or use
66. Pipelines for transportation of liquid and gaseous hydrocarbons"
