Dear Mehmet Hakan Akgun,

On September 9, 2024, the Canadian International Trade Tribunal (CITT), pursuant to subsection 76.03(1) of the *Special Import Measures Act* (SIMA), initiated an expiry review of its order made on October 16, 2019, in Expiry Review No. RR-2018-006, concerning the dumping of hollow structural sections originating in or exported from South Korea and Türkiye.

As a result of the CITT's expiry review, the Canada Border Services Agency (CBSA) has today initiated an expiry review investigation to determine, pursuant to paragraph 76.03(7)(a) of SIMA, whether the expiry of the order is likely to result in the continuation or resumption of dumping of the subject goods. The CBSA will make a determination no later than February 6, 2025, and will issue a *Statement of Reasons* by February 21, 2025.

If the CBSA determines that the expiry of the CITT's order is not likely to result in the continuation or resumption of dumping of the subject goods, the order will be rescinded and all duties paid in respect of goods that were released after the date that the order was scheduled to expire will be returned to the importer. If the CBSA determines that the expiry of the order in respect to any goods is likely to result in the continuation or resumption of dumping of the goods, the CBSA will provide the CITT with its administrative record. The CITT will then conduct an expiry review to determine if the expiry of the order is likely to result in injury or future injury and will issue its order within 160 days after the day on which the CBSA's determination is received.

You are invited to visit [the CBSA's website](#) to view the *Notice of Initiation of Expiry Review* as well as the schedule of this expiry review investigation. The website will be updated when new information becomes available.

As part of its expiry review investigation, the CBSA is requesting information from the exporters and producers of the subject goods. The information required from exporters and producers is detailed in the questionnaire enclosed with this letter. The information provided to the CBSA will be used to determine if the expiry of the finding is likely to result in the continuation or resumption of dumping of the goods.

Should you have any questions pertaining to this expiry review investigation, please contact Valerie Ngai, Manager, Trade and Anti-dumping Programs Directorate, at 343-553-1635, or by [email](#).

Yours truly,
